SUMMER - AUTUMN 2021

Odalys
VACANCES

Heading for summer, keep moving forward !

That's it, the page of this annus horribilis 2020 has finally turned ! If uncertainties remain with a winter season that is struggling to get started, all Odalys teams are already looking forward to the summer. Present right across France and in Southern Europe with more than 400 residences, holiday clubs, apart'hotels, hotels and mobile home campsites, the Odalys Group continues to move forward and put everything in place to allow its holidaymakers to book their stay with peace of mind, thanks to, in particular our flagship online check-in service, the implementation of flexible booking conditions, made to measure commercial offers and maintenance of a strict health charter in partnership with the Socotec Group, an expert in health risk management.

As the new year 2021 begins, and even though the context remains uncertain for the whole sector, the Odalys Group is looking ahead with optimism. After the opening of a new Prestige residence in Orcières 1850 in December, we will more than ever pursue an ambitious development policy with 40 openings scheduled in Europe and French-speaking Africa by 2025. At the same time, Odalys Group is also engaged in the implementation of responsible and supportive projects. Because the dramas of life never stop, such as financial insecurity or the scourge of domestic violence which each year affects on average 219,000 women in France, Odalys has decided to make available (free of charge) 100 studio apartments and apartments (i.e. 36,500 overnight stays per year) for use by the Fédération Nationale Solidarité Femmes (FNSF) (the French National Federation for the Support of Women) offering victims safety, security and autonomy for a minimum of one month. The Odalys Group has benefited from the State's support in this period of crisis for the tourism sector. If we can give back a little of what we have received and support a cause which is important to the Odalys teams, we do it and will do it again with pleasure.

Enjoy the read,

Supportive and responsible commitments

THE ODALYS GROUP IS COMMITTED TO REDUCING ITS ENVIRONMENTAL IMPACT

Biodiversity is the guarantee of the proper functioning of our ecosystems. This is why the Odalys Group is committed to its preservation through various actions such as training courses on the prevention of environmental risks and pollution, hosting beehives to protect pollinators in declining numbers, the distribution of clay beads for planting to its clients, or the implementation of a partnership with a brand of wooden toys engaged in reforestation operations.

WELCOME UNDERPRIVILEGED FAMILIES ON HOLIDAYS

Less than one French person out of two has the possibility to go on holiday every year and at the top of the list of the excluded, many children are concerned.

In order to facilitate access to holidays and leisure activities for those who are deprived of this pleasure, the Odalys Group, in partnership with the association « Je Pars, tu pars, il part » (I leave, you leave, he leaves), welcomes every summer several underprivileged families in precarious situations within its establishments.

SUPPORT FOR CHARITABLE ASSOCIATIONS

At the end of the year, Odalys organises a large collection of second hand games and toys (e.g. with the association in Aix en Provence « Remise en Jeux ») which mobilises all the employees of the Group. Once gathered together and collected, the toys are renovated by the integration workshops, then distributed at Christmas time to charities, charitable associations, accommodation centres for single women with children, or put on sale in eco-citizen shops for people in financial difficulty.

ACTION IN FAVOUR OF WOMEN VICTIMS OF VIOLENCE

Faced with the urgency to protect and secure women victims of domestic violence, a scourge that affects on average 219,000 women every year in France, the Odalys Group, in coordination with the Fédération Nationale Solidarité Femmes (FNSF) (the French National Federation for the Support of Women), makes available free of charge to the 73 Solidarité Femmes associations present across France, 100 studio apartments and apartments (i.e. 36,500 overnight stays per year) offering security and autonomy for a minimum duration of one month.

40 projects in Europe and French-speaking Africa on the horizon for 2025

Upgrading in the mountains with the development of new residences

In order to meet the new expectations of holidaymakers staying in the mountains, and attract new customers looking for more space and comfort to get together with loved ones, the Odalys Group is going to open several top-of-the-range residences in Valmorel, Les 2 Alpes, Alpe d'Huez, Vars and La Rosiere by 2023. Residences favouring an architecture and decoration that respects local particularities, spacious apartments to share time with family and friends, and real relaxation areas with swimming pool, fitness area, sauna, steam room and treatment rooms.

Accelerating diversification in student and city accommodation markets

From now up until 2025, the Odalys Group will accelerate its policy of development in the student residence sector (Odalys Campus) and city centre apart'hotel sector (Odalys City) with the opening of 25 new addresses, including a first business residence at Nice airport at the end of 2023 where a brand new concept will be unveiled. The Odalys Group's ambition is to position itself as a key operator on these two markets where the offer is still limited.

Going international in Europe and French-speaking Africa

The Odalys Group is always looking further ahead and is now getting ready to deploy its Odalys Vacances, Odalys City and Odalys Campus brands internationally.

- In Europe, with 6 openings planned between now and 2024, including the 4 first Odalys Campus student residences in Portugal in Lisbon and Porto (2022 and 2023), and the first 4 star Odalys Vacances residence in Spain in Estartit in 2022.
- In French-speaking Africa, with the opening of the first Odalys City residence in Douala, Cameroon, at the end of 2022. Two other establishments are already planned in Abidjan (Cote d'Ivoire) and Lome (Togo) in partnership with our shareholder, the Duval Group, and more than 10 opportunities are under consideration, in particular in Senegal.

Travel

as you wish

BIG
Blue Sea

The sun, the warm sand, the refreshing sea, the blue sky, the beautiful coastal scenery... Everything is right there to disconnect and make unforgettable memories with your family in France or Southern Europe.

HAPPINESS IN
the Heights

On long walks along the trails, young and old enjoy themselves and head off to conquer nature ! The fauna and flora are there... All the ingredients needed for a moment of wonder.

STROLL IN THE
Countryside

A complete change of scenery in the countryside ! It's the ideal time to recharge your batteries with the family, whether you prefer to stroll around the forest or explore the medieval castles and pretty villages.

STOP-OVER IN
Town

Holidays in the city are the perfect opportunity to recharge batteries. There are so many monuments to discover ! Let yourselves be carried away by the rhythm of the city : it fills our eyes with excitement.
